Important events during the first 100 hours of the epidemic unfolding in Slovenia

Important events during the first 100 hours of the epidemic unfolding in Slovenia

Date	Event
4. 3.	First confirmed case in Slovenia
	Release of the national reserves of protective equipment
5. 3.	Additional five cases are confirmed, active search for people who were in contact with the infected (also in media)
	Heightened security measures in hospitals
	First talks about legislative interventions to aid the economy
6. 3.	Ban on visits to hospitals and nursing homes
	Public appeals to close the schools and faculties (some institutions have cancelled events and urged any person who is likely to be infected to stay at home over the past weeks)
7. 3.	Gatherings of more than 500 people are banned
	Slovenian National Security Council was called in session for March 9th
8. 3.	Additional (stricter) measures for locations with higher numbers of infected
	Public debate over declaration of epidemic
	University of Primorska and University of Ljubljana cancel the educational process
