*The Student Organization of the University of Maribor in cooperation with the Department of Sociology of the Faculty of Pedagogics of the University of Maribor carries out the investigation »Social profile of students of the University of Maribor«. The reaction and views of students as to conditions of study, your values and attitudes will be of great help at the renewal of the system of student rights, to follow the opinions of a larger portion of the student body, while have expertise foundations this research covers.*

*The survey is anonymous. All who fill the questionnaire have been randomly included into the sample of the population in question. It is thus important that you fill the entire questionnaire and answer the questions earnestly as only so will the research results be valid.*

*Please fill a separate sheet with your name and surname, major and telephone number (home, mobile, or some other where you can be reached), so that we can assert supervision of the investigation implementation.*

*By the research and particularly by comparison of results from various years, we may quantitatively assess changes, improvements or worsenings of the student position. By taking part in the research you assist the improvement of student welfare and the expansion of student rights.*
